Easy methods in teaching mathematics

Special Correspondent

VIJAYAWADA: The topic was 'Mathematical Modelling' which dealt with easy methods in teaching mathematics.

The audience listened in rapt attention as T.K.V. Ayengar, secretary of Prof. Meenakshi Sundaram Memorial Society, spoke about the several interesting features of the often dreaded mathematics subject.

He was addressing a meeting organised in connection with the second anniversary of the Prof. Meenakshi Sundaram Memorial Society, at PVP Siddhartha Institute of Technology, Kanuru, by Siddhartha Academy on Saturday.

A. Sarat Babu from NIT, Warangal threw light on 'Ar-

tificial Neural Network' explaining the importance of research in various fields. Head of the Department of Mathematics in Geetham University Chandrasekhar, explained about different types of algorithms and cryptography while Prof. P.D.S. Srinivas from Andhra University spoke on 'Additional Food - Biological Control Agent'.

Secretary of Siddhartha Academy N. Venkateswarlu, college Principal P. Venkateswarlu, president of the Memorial Society Vani Prasad Rao also participated.

K.L.N. Swamy was the chief guest while Girija Sarma, daughter of Meenakshi Sundaram, V. Chakradhara Rao and others were present.
